OUR BIODIVERSITY STRATEGY

Vision: The most biodi erse campus in the United Kingdom.

Objectives

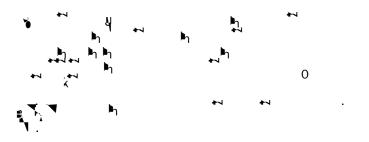

OUR BIODIVERSITY POLICY

This Biodi ersit Polic sets out the ke institutional principles that e are adopting in order to realise our strategic ision of being the most biodi erse campus in the United Kingdom. The are designed to help us achie e a biodi ersit net gain through specific actions such as

MISSION STATEMENT

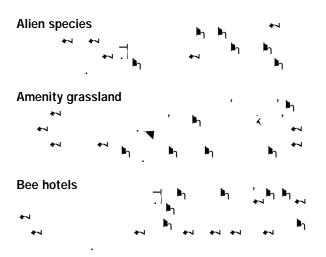

ENABLING THE DELIVERY OF PRACTICAL BIODIVERSITY PROJECTS

The Uni ersit of Susse is committed to continuing to support student and staff-led practical biodi ersit initiati es on campus.

GLOSSARY OF BIODIVERSITY TERMS

Biodiversity

CATEGORIES OF LAND MANAGEMENT INTENSITY

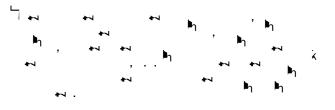

The follo ing categories of land management intensit ere proposed b leading academics in the field of biodi ersit . We used them to understand and map our estate in relation to biodi ersit , and ill continue to use them to classif our estate as e take action to meet our stated objecti es.

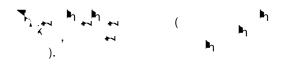

A. Amenity management

B. Reduced mowing areas

C. Low management areas (flower-rich downland and hay meadow)

ALIEN SPECIES: DEFRA LIST OF INVASIVE NON-NATIVE SPECIES

The follo ing lists of animal and plant species are taken from the DEFRA guidance on in asi e non-nati e species as of Februar 2023. We ill acti el monitor our campus for the presence of these species ith the aim to limit their impact on nati e biodi ersit .

PLANT SPECIES – WIDELY SPREAD

Common name	Scientific name
American skunk cabbage	
Chilean rhubarb	\$
Curly waterweed	
Floating pennywort	
Giant hogweed	
Himalayan balsam	··· →
Nuttall's waterweed	
Parrot's feather	

PLANT SPECIES – NON WIDELY SPREAD

Common name	Scientific name
Alligator weed	o ™ , ▶, ▶, *~
Asiatic tearthumb	
Balloon vine	\$ +1 +1 +
Broadleaf watermilfoil	_, ▶, ▶, ▶, ▶,
Broomsedge bluestem	*
Chinese bushclover	<i>J</i>

PLANT SPECIES - NON WIDELY SPREAD (CONTINUED)

Common name	Scientific name
Mesquite	¹ , ,
Perennial veldt grass	u j ▶₁▶₁
Persian hogweed	
Purple pampas grass	★ ★↓ 1
Salvinia moss	j
Senegal tea plant	\$ b 1
Sosnowsky's hogweed	
Tree of Heaven	т. њ
Vine-like fern	
Water hyacinth	uj j _ ▶₽ŋ
Water-primrose
